Mactivity: Interest Profiler

Exploring your interests and how those interests connect to a future job one day, is a first step in your career exploration. Complete this MacTivity to see how your interests match future careers. You will need the internet to do this MacTivity.

1. Go to www.cacareerzone.org
2. Click on the link, “*Begin Assessment*”
3. On the next page, click on, “*Interest Profiler*” and select, “*Start a new Interest Profiler*”
4. Click on the button that says, “*30 Question – Mini*” and follow the directions.

You will be asked how you feel about 30 activities. There are 5 answer choices ranging from *Strongly Dislike* to *Strongly Like*. Choose the emoji/face that best matches your interest in each activity. Be honest about your likes/dislikes, there are no right or wrong answers.

After you have answered the 30 questions, you will be given six different interest areas:

Realistic You are a <i>do-er</i> . You like to do activities that are “hands on” such as building, fixing.	Investigative You are a <i>thinker</i> . You like to learn, think, and observe in different situations.	Artistic You are a <i>creator</i> . You are imaginative and like the arts (music, books, drama, etc.).
Social You are a <i>helper</i> . You like to help others.	Enterprising You are a <i>persuader</i> . You like to be a leader and are willing to take risks.	Conventional You are an <i>organizer</i> . You like things to be neat and in order and you enjoy doing step-by-step tasks.

These areas are given to you based on the questions you answered. The interest areas best fit your personality, what you like, and what you are interested in.
