Create a Vision Board

Now that you have answered a few questions about yourself, create a vision board to set a goal for your future. A vision board is a dream board or inspiration board made up of pictures, words, and quotes to remind you of your passion and motivate you to reach a goal.

To create your vision board, use a blank piece of paper (any color unlined paper works best). Cut out or download inspirational pictures of things that represent a life you want to live. Add words and favorite quotes. Be creative! You may even want to include a picture of yourself or your name on your vision board.

Here are some sample vision boards:
