## 2017-20 Plan Summary

### THE STORY

Briefly describe the students and community and how the LEA serves them.

Founded in 1888, the Santa Ana Unified School District is the sixth largest school district in the State of California and the largest district in Orange county, providing education services to approximately 53,000 students, K-12, in 61 schools, and the second largest employer in Santa Ana, providing job opportunities to approximately 4000 employees. There are thirty-seven elementary schools, nine intermediate schools and seven high schools, six traditional comprehensive high schools and one early college high school on the campus of Santa Ana College. SAUSD also offers three Educational Options schools, one dependent charter, one Deaf and Hard of Hearing Resource Center, two Early Childhood Education Programs and one Early Learner Childhood Education Special Needs Developmental Center. Ninety-six percent of our students are Hispanic, with 1.9% being Asian and 2.0% Other. Approximately 60% of SAUSD students are English learners. Spanish, Vietnamese, and Khmer are the most common languages spoken at home. Approximately 91% of the SAUSD student population are designated as coming from low-income families. .

The Santa Ana Unified School District Board of Education Vision and Mission reflect the district path to providing a world-class education to ensure all students are college and career ready and prepared to assume the role as part of the global community. We work collaboratively with staff, parents, and the community to strengthen a learning environment focused on raising the achievement of all students and preparing them for success in college and career. We assure well rounded learning experiences which prepare our student for success. We engage, inspire and challenge all of our students to become productive citizens, ethical leaders, and positive contributors to our community, country and a global society.

## LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

The Local Control Accountability Plan(LCAP) provides specific action steps required to support the goals we have for all students.

The new features of the 2017-18 LCAP are:

Goal 1: Our students need the knowledge, skills, and values to become productive citizens in the 21st Century.

- Extension of the school year from 180 to 182 days to support increased instructional time.
- Expand early learning pilot program to support early literacy.
- Provide differentiated expanded services for identified high need schools.
- Provide professional development to support promising practices in literacy, such as SIPPs (grades 1-3) and Reading Academy (grades 4-5) and Adolescent Solutions (grade 6, 7 & 9) to improve English reading achievement.
- Develop specific instructional modules and professional development for teachers to improve the redesignation rate and support of English learners.
- Provide additional professional development in mathematics and science to support the new California Standards aligned instruction and resources.
- Development of online courses to provide additional access to general and Advanced Placement high school coursework.
- Implement newly adopted math curriculum and materials with planning for ongoing professional development .
- Adopt ELA/ELD curriculum and materials with planning for ongoing professional development.
- Expand the Advanced Learning Academy (ALA) dependent charter for personalized, competency based learning from to grades 3 through 9.
- Expand the SANArts Conservatory at Santa Ana High School to include the integration of higher education (UCI and Chapman) and community partners (LIFI) to increase opportunity for internship and real world work experiences.
- Expand dual and early college enrollment opportunities at all high schools with higher education partner, Santa Ana College.
- Increase college readiness and preparation with the implementation of grades 9-12 College Board assessments including PSAT/AP/IB, and supporting an SAT day for all high school seniors.
- Maintain community partnership opportunity for high school students to receive intensive college application, acceptance and persistence support with SAC, CSUF, UCI and the Nicholas Academic Center (NAC).
- Provide summer school and enrichment programs K-12.

Goal 2: Our student need equitable access to a high quality curricular and instructional program that is accessible from school and home.

- Implement first technology refresh in grades 3, 6, and 9 to maintain 1:1 access.
- Maintain the early literacy application Footsteps to Brilliance "Paso a Paso, Together We Read" digital reading program for all children within the Santa Ana city limits to increase access to literature in the home.
- Increase wireless capacity and connectivity at all district facilities to support teaching and learning.
- Provide professional development to support teachers with the implementation of 21st century instructional practice.
- Maintain sports program at all intermediate schools to support student engagement in extra-curricular activities.

Goal 3: Our students and staff need healthy, safe and secure environments in which to learn.

- Recruit and develop new partnerships with community agencies to increase restorative practices and violence prevention in schools.
- Initiate Trauma Informed Practices Pilot at identified schools.
- Provide students with mental health support through partnership with community agencies.
- Implementation of the i3 Safe Schools grant to increase access to schools for Positive Behavior Intervention and Supports (PBIS) and restorative practices to better meet the needs of our students and community.
- Maintain support to foster students and their families by implementing tutorial programs, monthly leadership and field trip opportunities.

## REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

As we review performance on state and local indicators, our students have demonstrated many positive academic trends. We look to assure that we build on this success by providing strategic support to school leaders to meet the needs of the students we serve. We have celebrated positive trends in the following areas:

### State Indicators –

#### Priority 1 – Basic Conditions of Schools

- School facilities are continually maintained and have been improved. This year we have completed construction of the Advanced Learning Academy, the Nicholas Academic Center at Century, remodeled kitchen at SAHS, and started new school construction at Valley High School, Mc Fadden Intermediate School and Roosevelt Elementary School.

#### Priority 2 – Implementation of the State Academic Standards

- Professional learning and adoption of new instructional materials in Mathematics

#### Priority 3 – Parent Engagement:

- Parent engagement/education courses offered at all schools k-12
- Over 6000 parents participated in the LCAP Stakeholder Engagement meetings.
- Increased parent engagement and survey participation for 9,057 in 2015 to 15,965 in 2016

#### Priority 4 – Academic Indicators

- 2016 SBAC ELA results reflect a 3% growth overall over the 2015 school year
- College Readiness ELA increased from 38% to 41% in 2015

#### Priority 5 – Chronic Absence Indicator/ Graduation Rate Indicator

- Reduced the Drop Out Rate from 6.2% to 4.3%
- Increased High School Graduation Rate from 89% to 91.6% in 2016

#### Priority 6 – Suspension Rate Indicator

- Reduced student suspension rates from 7% in 2012 to 3.6% in 2015 (2016 not available)

#### Priority 7 – College/Career Indicator

- Increased A-G rate from 40% in 2014 to 42.3% in 2016
- Increased Dual Enrollment opportunities at all high schools with the "College Now" program Early College at Century and Godinez

### Local Indicators –

- Increased Redesignation rate from 61.3% in 2014 to 64.4% in 2016
- Increased 3rd grade foundational reading from 32% in 2015 to 37% in 2017 as measured by DIBLES Next
- Maintained high attendance at 97% in 2016
- Increased Advance Placement course enrollment from 23% to 27.5% in 2016
- Increased Pass Rate of AP Exams to 38.2% in 2016
- Reduced the ratio of Students to Technology from 2:1 in 2015 to 1:1 in 2016
- Increased Extracurricular participation from 33% to 50% at high school and from 34% to 45% in Intermediate schools in 2016
- Increased Dual language at intermediate level with addition of one new school program and have started plans to restructure Spurgeon Intermediate into a K-8 DLI school with Romero Cruz Elementary.
- Increased CTE Pathways at high schools, intermediate and elementary schools
- Development of SANArts VAPA Conservatory at SAHS

## GREATEST PROGRESS

- Development of International Baccalaureate Programme at Saddleback HS
- Development of Early College models at Century HS and Godinez HS
- Four high schools, Saddleback, Godinez, Segerstrom and Middle College High Schools, were recognized by the U.S. News & World Report's 2017 Best High Schools in the United States.

The LEA will maintain and build on the success by continuing to provide focus on 21st century instruction and outcomes, to support all students at all grade levels. Higher Education Institutions, community agencies and parents will be engaged to ensure our students are provided the needed resources to ensure that they receive the supports needed to reach their academic and career goals.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Santa Ana Unified had no indicators or local performance indicators for which overall performance was in the Red or Orange. We did, however, have three areas in the Yellow range. English Learner progress fell into the Medium range at 67.9%, with no decline in change from the previous year. English Language Arts (K-8) fell into the Low range (51 points below level 3) but demonstrated an increase of 8.2 points over the previous year. Mathematics K-8 also fell into the Low range (64.5 points below level 3) and maintained the status over the previous year. We continue to provide support to schools to increase achievement in ELA and Mathematics.

Over the last several years, we have continued to focus our attention to these three important areas. Recently, in 2016-17 school year, we have initiated an English Language Learner Task Force to identify strategies and professional development needed to better support the reclassification of our students within five years of arrival in our schools. Additionally, SAUSD is in the process of adopting additional instructional materials for LTELs to better support their needs in acquiring English language proficiency. In ELA, the focus has been on early literacy to enhance language acquisition and reading. A new priority for the Board of Education is to support additional PreK learning opportunities in our community. A Literacy Task Force has been developed to identify additional areas of need, and to ensure that our teachers have the instructional strategies necessary to ensure that students receive supports to learn to read with high level of comprehension by grade five. Finally, in Mathematics, the District has begun the process in 2016, to adopt math materials to support the new state standards. Professional development is ongoing and will focus support in these areas in support of growth.

## **GREATEST NEEDS**

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

According to the California Dashboard, in the areas of English Language Arts and Math Assessment, Students with Disabilities performed two performance levels below the “all student” performance. The LEA will continue to provide professional development to teachers to support new instructional strategies to better prepare students in these two areas. During the 2016-17 school year, the LEA has begun the expansion of a full inclusion model to ensure that students with Disabilities receive access to grade level standards. Initial data for the students in a full inclusion model is promising in both academic and social emotional measures. Additionally, our students will receive extended learning time through after school and Saturday intervention, and both credit recovery and enrichment summer programs.

## PERFORMANCE GAPS

Another area where there is a gap in performance is in the area of suspensions for two subgroups of students. Overall, the LEA has a low rate of suspension, however, two subgroups, African American and American Indian students are two subgroups with only 169 and 95 students respectively. Each group had a high rate of suspensions of 8.39% and 5.3% respectively, and both increased over the 2014-15 school year by 1.4% and 2.8%, respectively. This data has been brought to the attention of school administrators and will continue to be a focus to ensure that all student groups are provided opportunity to participate in restorative practices to reinforce appropriate behaviors in school.

## INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

The most significant way that SAUSD will impact services for low-income students, English learners, and foster youth, will be to provide rigorous, first time instruction, provide a comprehensive early literacy and English Learner program, monitor student progress, ensure student involvement and engagement with positive intervention. Additionally, in this year’s plan, we will identify the schools with the lowest achievement level in ELA and Math, and provide more intensive support at the school site level to include professional development on Trauma Informed Instruction and English Learner supports. We will continue to provide additional opportunities to engage parents and community partners to support additional learning opportunities for our student and we must also continue to celebrate and recognize student academic growth and achievement in all areas.

## BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures for LCAP Year	\$640,067,607
Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year	\$725,159,345.00

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

All general fund budget expenditures are included in the LCAP with the exception of the State's on-behalf contribution to the California State Teachers' Retirement System (CalSTRS), as well as budget set aside for potential expenditures that are yet to be decided.

The following is a breakdown by fund of planned expenditures in the LCAP:

General Fund \$602,828,579  
Charter Schools Special Revenue Fund \$2,225,981  
Child Development Fund \$5,308,401  
Cafeteria Special Revenue Fund \$43,290,300  
Deferred Maintenance Fund \$3,754,792  
Building Fund \$520,398  
Capital Facilities Fund \$9,801,684  
County School Facilities Fund \$33,000  
Special Reserve Fund for Capital Outlay Projects \$20,948,898  
Capital Project Fund for Blended Component Units \$22,972  
Bond Interest and Redemption Fund \$20,304,321  
Debt Service Fund \$8,278,049  
Self-Insurance Fund \$7,841,970  
Total: \$725,159,345

\$516,182,413

### ANNUAL MEASURABLE OUTCOMES

#### EXPECTED

- 1a: Early Literacy | 39.0% of 3rd graders will be at grade level reading proficiency (foundational skills) as measured by DIBELS Next (Spring 2017)
- 1b: EL Redesignation | 65% of EL students will be reclassified with five (5) years of entering an EL program (2015-16)
- 1c: Algebra Proficiency | 35.2% of 10th graders will score at or above a MAP RIT score of 235 (Fall 16-17)
- 1d: A-G Course Completion | 44% of graduates will meet UC/CSU A-G course requirements (2015-16)
- 1e: College Readiness | 41% of 11th grade students will be college ready or conditional status in ELA (SBAC 15-16)  
22% of 11th grade students will be at college ready or conditional status in Math (SBAC 15-16)
- 1f: Post-Secondary Persistency | 84% of graduates enrolled in post-secondary education persisted into their second year of school (2014)
- 1g: EL Proficiency | 60% of EL students will make progress towards English proficiency as measured by the state assessment (2015-16)
- 1i: Algebra Readiness | 39.1% of 9th graders will score at or above a MAP RIT score of 230 (Fall 16-17)

#### ACTUAL

- 1a: Early Literacy | 37.0% of 3rd graders are at grade level reading proficiency (foundational skills) as measured by DIBELS Next (Spring 2017)
- 1b: EL Redesignation | 64.4% of EL students were reclassified with five (5) years of entering an EL program (2015-16)
- 1c: Algebra Proficiency | 31.5% of 9th graders scored at or above a MAP RIT score of 235 (Spring 16-17). Note: This metric definition was changed to reflect more current data.
- 1d: A-G Course Completion | 42.3% of graduates met UC/CSU A-G course requirements (2015-16)
- 1e: College Readiness | 41% of 11th grade students were at college ready or conditional status in ELA (SBAC 15-16)  
19% of 11th grade students were at college ready or conditional status in Math (SBAC 15-16)
- 1f: Post-Secondary Persistency | 78% of graduates enrolled in post-secondary education persisted into their second year of school (2014)
- 1g: EL Proficiency | 49.3% of EL students made progress towards English proficiency as measured by the state assessment (2015-16)

1j: Enrollment in Post-Secondary Education | 71% of students will be enrolled in college at any time during the first year after high school ( 2015)

1k: Attendance | Increase the districtwide attendance rate to 96.7% (2015-2016)

1L: Chronic absenteeism | Reduce the chronic absenteeism rate to: 3% (elementary), 3% (intermediate), 7.5% (high school) (2015-16)

1m: Middle School Dropout | Maintain the number of adjusted grade 8 dropouts at 0 (2015-16)

1n: High School Dropout | Reduce the high school cohort dropout rate to 5.5% (2015-16)

1o: High School Graduation | Increase the high school cohort graduation rate to 91.0% (2015-16)

1p: AP Passage | Increase the percentage of total AP students passing at least one AP exam (3+ score) to 49% in 2016

1q: AP Course access | 25.1% of HS students will be enrolled in at least one AP course (2015-16)

1i: Algebra Readiness | 37.5% of 8th graders scored at or above a MAP RIT score of 230 (Spring 16-17) Note: This metric definition was changed to reflect more current data.

1j: Enrollment in Post-Secondary Education | 70% of students enrolled in college at any time during the first year after high school ( 2015)

1k: Attendance | The districtwide attendance rate was 96.9% (2015-2016)

1L: Chronic absenteeism | The chronic absenteeism rate was: 3.2% (elementary), 3.9% (intermediate), 9.9% (high school) (2015-16)

1m: Middle School Dropout | The number of adjusted grade 8 dropouts was 0 (2015-16)

1n: High School Dropout | The high school cohort dropout rate was 4.3% (2015-16)

1o: High School Graduation | The high school cohort graduation rate was 91.6% (2015-16)

1p: AP Passage | The percentage of total AP students passing at least one AP exam (3+ score) was 38.2% in 2016

1q: AP Course access | 27.5% of HS students were enrolled in at least one AP course (2015-16)

Actions/Services	<p><b>PLANNED</b> 1.3: Maintain partnerships with institutions of higher education and community organizations that support desired student-learning outcomes, including support for A-G completion, and dual enrollment.</p>	<p><b>ACTUAL</b> Continue work with higher education partners, Santa Ana College, California State University, Fullerton and University of California, Irvine through our long standing partnership. This year we have expanded opportunity for students to enroll in college coursework by implementing Early College at Century HS and Godinez HS during the school day, and “College Now” at other high schools after school. We have also begun to work collaboratively with Chapman University to support the SanARTs Conservatory at SAHS. Teacher Induction and Professional Support (TIPS) leadership has long standing partnerships with IHEs. These partnerships include participation in: Advisory Board member of UCI, Concordia, and Chapman Universities. Additionally, we have a history of sustained attendance to Orange County Teacher Preparation and Induction Collaboration (OCTPIC) meetings. Our program partners with CSUF, University of Phoenix, Brandman, and Concordia offer IHE credit for successful completion of Induction requirements.</p>

Action **4**

Actions/Services

**PLANNED**  
 1.4: Conduct an Equal Opportunity Study (transcript review and blueprint for action) to determine where equity issues exist within current practices and how to reduce their impact on student attainment of college readiness standards.

Action Completed: Spring 2016

**ACTUAL**  
 Completed this action in Spring 2016 – implementation of the Equal Opportunity Action Plan Fall 2017. Teacher Effectiveness Coaches are assigned to support sites with math and science instructional practices that engage teachers in aligning their teaching with 21st century skills.

Action **5**

Actions/Services

**PLANNED**  
 1.5: Ensure access for low-income pupils to the core instructional program by increasing early literacy and reading intervention programs, expanding credit recovery options, and Advancement Via Individual Determination (AVID) program at all school levels.

**ACTUAL**  
 Expansion of SIPPS to 14 sites and use of SIPPS Plus for intervention at other sites. Expanded the Reading Academy for elementary principal and grade 4 and 5 teachers to apply foundational reading skills to English language Arts instruction for students who are not reading at grade level. Continued increased opportunity for students for credit recovery by providing APEX online credit recovery during the school day, summer school at all high schools, night school at Chavez HS, Independent Study, and SAC Bridge programs at all high schools. Expanded the AVID program at 12 additional elementary and 2 intermediate schools to total 40 school programs across the district. Achieve 3000 has been implemented for the second year in all 6 Dual schools (Intermediate 608, and Elementary 3-5) to support reading comprehension, increase students' lexile level in Spanish, and develop writing skills – elementary Dual School continue offering extended day to 3rd, 4th, and 5th grade to develop literacy in Spanish through Content Area instruction (Social Studies and Science) students. The use of Achieve3000 program is integrated in the Content area curriculum. AVID for English Learner program will be expanding to include Spurgeon, Willard and Villa . The plan is to expand to Lathrop, Sierra and Villa in 17-18 school year. This is a powerful addition to the programs we offer to long term English learners to assist them with effective instructional

Actions/Services

**PLANNED**  
 1.12: Provide EL student services including, but not limited to, newcomers programs, and summer English Language Development (ELD) extended learning academy. Provide Long-term English Learner (LTEL) teacher training.

**ACTUAL**  
 All elementary and intermediate teachers participated in Integrated ELD Professional Learning Modules.  
 At the secondary level, the district is currently piloting Program 4 - ELA Intensive Intervention and Program 5 - Specialized Designated ELD. The purpose of the Program 4 and Program 5 adoption is to provide an accelerated intervention pathway for those who are at risk of becoming LTELS, students who are 2 or more grade levels in ELA and Literacy in reading and writing, or students whose lack of language proficiency precludes them from performing at grade levels.  
 RFEP monitoring – Reclassification EL Programs has implemented a process to monitor reclassified students each semester for two years from the date of reclassification. Students needing interventions are highlighted and teacher records the intervention strategies used to improve the progress.  
 Appropriate Program Placement and Monitoring: Working collaboratively with Ed Services, criteria has been developed

		to identify entry and exit points to ensure consistency across the District.

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Goal 1: All students will demonstrate the knowledge, skills, and values necessary to become productive citizens in the 21st century. Cumulatively, overall implementation of the actions/services to students has been successful. As we monitor student achievement data through the use of NWEA MAP and DIBLES three times per year, we have noted consistent positive growth trends in English reading and mathematics. Implementation of the new State standards has been a focus at all schools. Research based programs have been implemented and expanded programs such as Project Lead the Way (PLTW), AVID, Dual enrollment, and CTE STEM Pathways. New programs such as the SANArts Conservatory at Heninger and SAHS, the International Baccalaureate Programme at Saddleback HS, the Dual Enrollment Pathways at Century HS and Godinez HS, the High School Inc. Academies at Valley HS, have been developed and are growing. Visual and Performing Arts has been expanded at the elementary schools by increasing staffing in this area. Willard and Sierra Prep Academy are both building VAPA programs through the California Turnaround Arts program. Spurgeon and Carr intermediates are both engaging in and promoting Project Based Learning (PBL) programs school wide. Dual language programs are successfully implemented to support the focus on Biliteracy. 21st century skills are continually developed through support of professional learning and increased access to technology and connectivity at school, home and community. Four elementary, one intermediate and one high school were awarded Gold Ribbon Schools during the 2016 and 2017 award cycle. Four high schools, Saddleback, Godinez, Segerstrom and Middle College High Schools, were recognized by the U.S. News & World Report’s 2017 Best High Schools in the United States. Extended learning opportunities for all students are available by providing targeted intervention which have been implemented at all schools K-12. Summer programs have been developed and implemented to provide both credit recovery and learning enrichment programs in all schools K12. Additional opportunities for high school students include internship and relevant work opportunities through partnership with the business and higher education community.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

As the articulated goal, SAUSD must provide multiple options and opportunities of programs to support the needs of all students. Initial data points, including local and state measures have demonstrated positive trends in addressing the need to close the achievement gap, but also to better engage students in relevant learning environments to keep students in school. Evidence includes improved ELA results on SBAC, which is critical for our English learner population, maintaining progress in Mathematics on SBAC, (an area of focus), improved graduation rate, improved AP access and pass rate, improved A- G success rate, improved Seal of Biliteracy rate, improved attendance rate, reduced dropout rate, reduced suspension and expulsion rate. We continue to focus on the goal to increase levels of achievement in English language arts and mathematics to insure success in college and career readiness.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material variances include increase of \$8.3 million for textbook adoption, \$7.5 million increase for approved site Intersession plans, \$2.5 million increase for CTE Incentive grant, and the addition of budgeted carryover from 15/16.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

While the goal of ensuring that “all students will demonstrate the knowledge, skills, and values necessary to become productive citizens in the 21st century” remains the same, we will continue to review the outcome metrics and adjust the actions and services to support those which we determine have had the most positive outcome. This year, because of the leveling off of funding and resources, we will determine how to sustain the work to best meet the needs of our student population. Data from the California Dashboard has highlighted specific school which are in need of additional support. A specific action has been developed to address this needs. (Goal 1, Action 1.16) We have begun the work of reviewing instructional materials and will adopt instructional materials in English Language Arts and English Learner supplemental materials in the next year and following to support the alignment of the state standards. Additional support and professional development for teachers will be required over the summer and during the fall to ensure implementation fidelity. (Goal 1, Action 1.15) A continued focus on the integration of technology will required the renewal of devices at grades 3, 6, and 9, and also required additional professional development at all grade levels. We continue to focus on early learning by working to expand preschool and all day kinder at pilot elementary schools. ( Goal 1 Action 1.2)

The algebra readiness and algebra proficiency metric definitions were revised to report Spring assessment data in the current year rather than Fall assessment data to reflect more current assessment results. The change from Fall to Spring reporting also changes the grade level of the students being assessed. Algebra readiness reporting changes from 9th grade Fall to 8th grade Spring. Algebra proficiency reporting changes from 10th grade Fall to 9th grade Spring.

**ANALYSIS**

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Goal 2: Students will have equitable access to high quality curricular and instructional program that is accessible from school and home. The implementation of the actions and services have been fulfilled to ensure that we meet the goals as set forth in the plan. Schools which have implemented new programs will review academic and social emotional data to measure progress of improved achievement. All actions to meet the goal have been fully addressed. Professional development for teachers has been supported by “on- site” coaching, provided by the “Teacher Effectiveness Coaches” and after school collaboration training and meetings. Special Education staff has been provided opportunities to support the development of IEPs to best meet the needs of the students and to support additional services. Extracurricular programs have been expanded to include athletics, VAPA, and a new Intermediate Speech and Debate program offered at all Intermediate and K-8 schools has been implemented. Project based learning continues to be a focus at identified schools, namely Advanced Learning Academy, Spurgeon Intermediate, and Godinez HS. Students have the opportunity to display their projects in special events. Library hours have been extended at all intermediate schools and some elementary schools. Integration of technology in all grades is complete this year with 1:1 access at all schools. Visual and Performing Arts (VAPA) programs been expanded in all schools. Foster students are provided additional support through the District Foster Liaison who meets with students to ensure academic progress and social emotional need are met.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Goal 2: Based on the outcome data, it is evident that the actions are resulting in positive results for our students. Students are benefiting from positive educational engagement activities as is reflected in the CHKS Survey. Student engagement in extracurricular programs such as VAPAs, have been expanded, thereby offering our student will additional opportunity to participate in extended learning. Implementation of Project Based Learning continues to be expanded to support the need to develop 21st century skills. The District foster and migrant student liaisons provide extensive support to students to ensure needs are met both academically and socially. Parent involvement and engagement is at an all- time high with large participation in many Site and District sponsored events.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material variances include increase of \$1.2 million for approved site one-time funds plans, \$4.0 million increase for technology refresh for grades 3, 11 and 12, and the addition of budgeted carryover from 15/16.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Goal 2: After review of our outcome data and reviewing the needs of our students, we continue to focus on the rich cultural backgrounds our students bring with them every day. New this year in the LCAP is an action to expand dual language and Bilingual programs in our schools to better support biliteracy in our community (Goal 2, Action 2.8). We have had an excellent result in the award of the Seal of Biliteracy at graduation and our students are proud of this accomplishment. For Metric 2c, the highly qualified teacher metric was revised to report total teacher misassignments due to the transition from NCLB reporting to align with CA School dashboard.

**ANALYSIS**

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Goal 3 – Students and staff will work in a healthy, safe and secure environment that supports learning. The implementation of the actions to achieve the articulated goal have been successful. All areas have been addressed over the last three years and have resulted in deeper implementation to develop long term structures to support safe and secure campuses at all levels. Student safety is a priority. Supervision is provided by site administrators, teachers and Activity supervisors. Additionally, District Security Officers and School Police officers are on duty at intermediate and high school sites. School and District events are scheduled regularly, and are offered for parent and community involvement. Facilities are maintained and in excellent repair. PBIS and RP workshops are provided by the School Climate Department to school site teams to ensure implementation with fidelity and support the improvement in school climate resulting in the reduction of suspensions and expulsions. Intramural sports have been expanded at all school sites. Parent education programs are offered at all school sites has resulted in improved and parent leadership and voice. The School Climate Committee continues to meet monthly to address District needs.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Our metrics and data reflect that the schools and district climate have improved. Suspension and expulsions have been reduced significantly with the implementation of PBIS and Restorative Practices. Attendance has increased. At student LCAP sessions, students have expressed appreciation for the supports they receive. Additionally, our community partners and parents of the School Climate Committee have reported at the State level to report out our positive results. SAUSD was recognized by the CDE as a Model SARB District for our work in bringing students back to school. We will continue to focus on reduction in suspension at specific schools through providing additional professional development. We will also utilize the additional resources provide through the i3 awarded grant funds to increase support to schools through building positive relationships with school personnel. Comprehensive Mental health services are provided to all schools to ensure that students SEL needs are met.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material variances include increase of \$38 million for capital outlay projects at various sites, \$6.7 million increase for food service fund, and the addition of budgeted carryover from 15/16.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

As our results have been positive in providing safe and secure campuses, we will maintain actions as noted for goal 3 and will continue to address the need of our students and families as needs arise. The work of the i3 Grant Award will provide additional resources to schools to ensure that schools have access to supports in the implementation of PBIS and Restorative Practice strategies. Community partnerships will be expanded to engage our business partners and invite them into our schools to offer new opportunities for students.

## INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

The Santa Ana Unified School District values stakeholder engagement to inform decisions related to the Local Control Accountability Plan. The LCAP committee, comprised of administrators and staff have worked collaboratively to ensure outreach and fidelity to the process. Engagement includes the dissemination of information, reflection on implementation and revision of implementation practice

### Parent and Community Engagement:

During the months of November through January 2017, all schools hosted LCAP Stakeholder Engagement Meetings both in the morning and the evening to support parental and community input. Over 130 meetings were held and approximate attendance of over 6,000 parents and community members participated in the conversations. Principals provided an update on school actions and school progress, to meet the SAUSD LCAP Goals on Teaching and Learning, Engagement and Climate/Culture. Principals and school staff asked for input from parents and staff to address areas of need for growth and improvement. Each principal selected the high priority items in each of the goals from the meetings, and added the information onto a Google Document to help to identify district-wide priorities as identified by the stakeholders. Parents maintained the need for safe schools, student enrichment activities and parent education programs.

In addition to the formal LCAP meetings held at each school and within the District, each school holds monthly parent meetings to engage parents. Additionally parent are offered opportunity to engage with each other and school site staff by participating in formal learning and leadership opportunities offered in collaboration with schools and community partners such as Padres Unidos, Padres Promotores, Disciplina Positiva, Parents for Quality Education (PIQE) and Padres en Accion, to name a few. hundreds of parents attend meetings and support our schools as volunteers and supporting partners for their children.

The Parent Engagement Framework and parent engagement rubric is in the DRAFT stage and is expected to be provided to all schools in the fall 2017, to have a consistent measure of parent engagement.

### Internal Stakeholder Engagement:

In addition to providing opportunity for staff to attend the parent and community members' meetings, an individual meeting both the Santa Ana Educators Association (SAEA), the Classified School Employees Association (CSEA) and the School Police Officers Association (SASPOA) were held to provide opportunity for staff to speak freely and make recommendations for next steps. After reviewing data and metrics, the groups were asked specific "next step" questions. Teachers suggested that there is a need for new instructional materials aligned to the state standards. Additionally, they requested support and professional development in the integration of technology and in restorative practice strategies. Classified staff recommended that we continue to support students through increased after school intervention and library time. Our School Police representative expressed a desire to participate in professional development to understand the Restorative Practice strategies that are being utilized in the schools.

### Student Voice:

In SAUSD, we believe that students bring meaningful perspectives and insights into their own educational experience within our district and our schools. Our respect for our own students, combined with the intent of the LCAP to encourage districts to engage with and listen to their community stakeholders, has led to our commitment over multiple years to include student voice in our LCAP planning in meaningful ways. This year, we continued our efforts to integrate student voice and participation in the LCAP input and discussion process at the high school level. We hosted a student engagement event we called Truth 2 Power, which brought in 250 total students from all of our high schools, to discuss their experiences, challenges, and suggestions for improvement. Approximately 400 additional students participated in the event via the LiveStream. Students related experiences of their personal life challenges, speaking publicly about living in fear of deportation, living with the knowledge that both parents are incarcerated, and yet providing

hopeful messages and support to siblings and friends in the desire to succeed in college. The opportunity provided the students with an experience to relay their hopes and dreams, and know that the adults in the room were there to listen and to work to remove barriers and provide needed support.

#### Elementary LCAP Summary

As of March 31, 2017, 25 4th or 5th grade classrooms across the district engaged in the Elementary LCAP lesson. These lessons were conducted by District Office staff with support from site administrators. The schools represented in the follow summary include: Adams, Jefferson, Garfield, Hoover Kennedy, Monroe, Davis, Monte Vista, Thorpe and King

Overall, elementary students expressed that they enjoy what they are learning in school. Math was a common theme that came up in all classrooms. Students expressed that they liked what they were learning in math but also that they needed more help with math. Writing and reading were also mentioned as subjects in which students needed more help. When students were asked about how they like to learn, a majority of the classrooms discussed that they like when the teacher provides a demonstration and also when the students can collaborate with partners. A few classrooms mentioned Project Based Learning as a preferred way to learn. They like working with technology such as JiJI and Lexia. Several of the classrooms also reported the need for tutoring and extra support with homework

Elementary students report that they like extracurricular activities. Common themes across all classrooms include Playworks, Engage 360, afterschool sports such as soccer, Chess Club, field trips such as Starbase, summer enrichment, and Saturday WIN program. When asked how they would like to see these opportunities expanded, most of the classrooms reported that students would like more clubs, especially related to art and sports. They also mentioned that they would like more field trips, with specific mention of those trips related to science.

In terms of students having what they need to complete their homework at home, the responses were varied, with some classrooms reporting that students have what they need and others expressed that they needed school supplies like scissors, glue, electric sharpeners, and headphones. Many classrooms reported students need access to the internet at home. They also mentioned their desire to bring their Chromebooks home and the need for more Chromebook chargers and headphones.

#### Future Process:

LCAP Target monitoring and annual review will be ongoing. It is the intention of the district to report to stakeholders the outcomes of the metrics in the fall 2017, after Smarter Balanced Assessment Consortium (SBAC) and other data are reported. In November 2017, the process of engaging stakeholders through site and district level LCAP meeting will begin again to allow staff, parents and members of the community to continue the LCAP engagement and review process.

Information from all of the Stakeholder meetings has been documented and provided to all site and district leaders to input the top three recommendations in each goal area from each meeting. This information has been reviewed and will provide direction for the revision or development of new action steps to better serve our students.

#### Approval Process

May 01, 2017 – LCAP presented to County Office of Education for Review

May 23, 2017 - LCAP and Budget overview will be presented to the Board of Education in general session.

May 26, 2017 - LCAP posted on the district website for public input.

June 06, 2017 - LCAP and Budget Board Study Session

June 13, 2017 - LCAP will be presented during the Public Hearing at the Board Education meeting.

June 27, 2017 - LCAP and Budget will be submitted to the Board of Education for final approval.

June 28, 2017 - LCAP will be submitted to the Orange County Department of Education.

The final data metrics will be reviewed in September 2017 with all stakeholders to adjust and to begin the revision of the next LCAP for 2018-19 school year

## How did these consultations impact the LCAP for the upcoming year?

SAUSD staff, parents, students and community stakeholders have come to view the LCAP process as a legitimate means for contribution to our collective impact at the site and District levels.

Overall, the top priority for parents as we look at the revision to the Local Control Accountability Plan addressed the need to continue to provide programs to support literacy and mathematics, provide tutoring and support for students who may be having difficulty, ensure that schools are safe and that they have ample supervision to ensure safety. Parents and community members also requested that the District continue to support the arts and provide extra-curricular activities to engage more students. The LCAP goals have been integrated into each school's Single School-wide Plan for Student Achievement to ensure alignment of the site-based decision-making and budgeting processes. Parents, students, and staff at the sites have direct input via the School Site Council.

Direct impact on the LCAP is evident in the following goals and actions:

Goal 1, Action 1.10: Provide extended learning opportunities by expanding before, after and Saturday school programs, tutoring academic and enrichment summer school programs. Parents want additional services for their children after school and beyond.

Goal 1, Action 1.3: This action has been modified to increase access to Dual Enrollment at SAC in response to request for additional college access at Century, Godinez, and ALA

Goal 1, Action 1.1: Provide equitable student access to rigorous standards based instructional materials . Teachers advocated for new adoptions of instructional materials .

Goal 2, Action 2.8: This action has been added new this year to focus on and increase Dual Immersion/Bilingual programs in schools to support students' biliteracy.

Goal 3, Action 3.4: Community voice advocated for addition of the LGBTQ students to be identified in this action to ensure continued support for this student population.

SAEA, CSEA and SASPOA Members agreed with the progress made toward meeting the goals of the LCAP to date. Staff members also made recommendation to continue to support literacy by expanding library hours at all school sites. Additionally, teachers requested support for student literacy by providing additional instructional support by providing smaller class sizes at all grade levels. Finally, they also requested additional support through professional development opportunities to support implementation of the new state standards and integration of digital learning and technology integration.

Students spoke of the need to provide understanding and support of the lives they live each day. The impact on the LCAP is that students need opportunity to continue to have opportunity to learn and achieve at high levels. Students need to be treated with respect and individually to achieve goals. We continue to work to provide students with opportunity to personalized learning through the development of college and career pathways and virtual learning programs at each of the high schools. It's important to note that these LCAP sessions not only generate a tremendous amount of student perception data and suggestions for improvement, but provide a venue for students to practice and engage the education system in ways that recognize their role as important stakeholders.

Revision of metrics and goals will be determined by outcomes of progress monitoring and input received from members of the Board of Education, internal and external stakeholders.

Community Stakeholders had opportunity to review and provide additional commentary regarding the LCAP. Progress updates were presented at the board meetings and DAC/DELAC to inform the community about progress toward our goals, activities and metrics.

### Goal 2

Students will have equitable access to high quality curricular and instructional program that is accessible from school and home.

State and/or Local Priorities Addressed by this goal:

STATE  1  2  3  4  5  6  7  8  
 COE  9  10  
 LOCAL

Identified Need

In order for our students to demonstrate measurable growth and to close the achievement gap, as measured by State and internal District assessments, they need equitable access to high quality curricular and instructional program that is accessible from school and home.

## Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year  2017–18  2018–19  2019–20

Estimated Supplemental and Concentration Grant Funds: \$91,564,992 Percentage to Increase or Improve Services: 21.5%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

SAUSD has an unduplicated pupil percentage of 93.8%, therefore, the LCAP supplemental and concentration grant funding will be expended on a district wide basis, as allowed for in 5 CCR 15496 and as described in the LCAP. All SAUSD actions and services will support all students in the following areas: Continued professional learning to support implementation of the new state standards at all grade levels; implementation of PK-3 literacy initiatives to ensure reading by 3rd grade; extended learning and instructional programs to increase access and enrichment opportunities for all students; increased access to technology and STEAM to support the development of 21st century skills for all students in preparation of college and career readiness; support for Advancement Via Individual Determination (AVID) at all schools; career technical education (CTE) coursework to support career pathways at all high schools; increased partnership with the Santa Ana College to support dual enrollment opportunities for students; increased parent and community involvement and educational opportunities at schools and at district level; implementation of virtual school programs to support online learning for first time learning and credit recovery; project based learning, blended learning, personalized learning and virtual learning programs to meet the needs of all students; social and emotional support to promote social and emotional health and school connectedness for all students; continued focus on safe and secure schools to promote a positive learning environment. The district will review the Single Plans for Student Achievement (SPSA) annually, for all schools to ensure alignment to goals, metrics and expenditures to the LCAP.

# Revised Local Control and Accountability Plan and Annual Update Template Instructions

## Addendum

*The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.*

*For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.*

*If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.*

*Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.*

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

## Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

## Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

## Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's\* approved LCAP. Minor typographical errors may be corrected.

\* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

## Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

## Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

## Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

## Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

**School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

**Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

## Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### **New, Modified, Unchanged**

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

### Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

### Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

### Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

### **Expected Annual Measurable Outcomes**

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

### **Planned Actions/Services**

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

#### **For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement**

##### **Students to be Served**

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

##### **Location(s)**

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

#### **For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:**

##### **Students to be Served**

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

##### **Scope of Service**

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

**For charter schools and single-school school districts**, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

### Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

#### **New/Modified/Unchanged:**

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

**Charter schools** may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

### Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

#### Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

#### Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

## State Priorities

**Priority 1: Basic Services** addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

**Priority 2: Implementation of State Standards** addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
  - a. English Language Arts – Common Core State Standards for English Language Arts
  - b. Mathematics – Common Core State Standards for Mathematics
  - c. English Language Development
  - d. Career Technical Education
  - e. Health Education Content Standards
  - f. History-Social Science
  - g. Model School Library Standards
  - h. Physical Education Model Content Standards
  - i. Next Generation Science Standards
  - j. Visual and Performing Arts
  - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

**Priority 3: Parental Involvement** addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

**Priority 4: Pupil Achievement** as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy UC or CSU entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the CELDT;
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

**Priority 5: Pupil Engagement** as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;

- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

**Priority 6: School Climate** as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

**Priority 7: Course Access** addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under Sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

**Priority 8: Pupil Outcomes** addresses pupil outcomes, if available, for courses described under Sections 51210 and 51220(a)-(i), as applicable.

**Priority 9: Coordination of Instruction of Expelled Pupils (COE Only)** addresses how the county superintendent of schools will coordinate instruction of expelled pupils

**Priority 10. Coordination of Services for Foster Youth (COE Only)** addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

**Local Priorities** address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

## APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Sections 6312 and 6314.

## **APPENDIX B: GUIDING QUESTIONS**

### **Guiding Questions: Annual Review and Analysis**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

### **Guiding Questions: Stakeholder Engagement**

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

## Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
