

Santa Ana Unified School District

BOARD POLICY NO: 0415

EFFECTIVE: 02/27/2024

SUBJECT: Equity

CATEGORY: Philosophy, Goals, Objectives and Comprehensive Plans

RESPONSIBLE OFFICE(S): Office of the Superintendent

SCOPE:

The Governing Board believes that the diversity that exists among the district's community of students, staff, parents/guardians, and community members is integral to the district's vision, mission, and goals. Addressing the needs of the most marginalized learners requires recognition of the inherent value of diversity and acknowledgement that educational excellence requires a commitment to equity in the opportunities provided to students and the resulting outcomes.

POLICY:

In order to eradicate institutional bias of any kind, including implicit or unintentional biases and prejudices that affect student achievement, and to eliminate disparities in educational outcomes for students from historically underserved and underrepresented populations, the district shall proactively identify class and cultural biases as well as practices, policies, and institutional barriers that negatively influence student learning, perpetuate achievement gaps, and impede equal access to opportunities for all students.

The Board shall make decisions with a deliberate awareness of impediments to learning faced by students of color and/or diverse cultural, linguistic, or socio-economic backgrounds. To ensure that equity is the intentional result of district decisions, the Board shall consider whether its decisions address the needs of students from racial, ethnic, and indigent communities and remedy the inequities that such communities experienced in the context of a history of exclusion, discrimination, and segregation. Board decisions shall not rely on biased or stereotypical assumptions about any particular group of students.

The Board and the Superintendent or designee shall develop and implement policies and strategies to promote equity in district programs and activities, through measures such as the following:

1. Routinely assessing student needs based on data disaggregated by race, ethnicity, and socio-economic and cultural backgrounds in order to enable equity-focused policy, planning, and resource development decisions
2. Analyzing expenditures and allocating financial and human resources in a manner that provides all students with equitable access to district programs, support services, and opportunities for success and promotes equity and inclusion in the district. Such resources include access to high-quality administrators, teachers, and other school personnel; funding; technology, equipment, textbooks, and other instructional materials; facilities; and community resources or partnerships.
3. Enabling and encouraging students to enroll in, participate in, and complete curricular and extracurricular courses, advanced college preparation programs, and other student activities
4. Building a positive school climate that promotes student engagement, safety, and academic and other supports for students
5. Adopting curriculum and instructional materials that accurately reflect the diversity among student groups
