

Free Teacher-Created Curriculum.

With over **3,400 lesson plans** aligned to Common Core, NGSS and CTE Standards, as well as **integrated STEM pathways projects**, CTE Online is a place for California Educators to explore and access **teacher-created curriculum**. Our community is **over 66,000 registered** users strong and growing by a new member every 6 minutes. In addition, we have **tools** for users to create their own curriculum and collaborate in groups.
