

# Join a Google Classroom as a Student

To use Classroom, you sign in on your computer or mobile device and join classes. After you join a class, you can get work from your teacher and communicate with your classmates.

## You can join a class in 2 ways:

- Enter a class code—Your teacher shares a class code with you. You sign in to Google Classroom and enter the code.
- Accept an invite—Your teacher sends you an invite. You can accept the invite in your email or in Classroom.

After you join a class on one device, you're enrolled in that class for all devices.
