

GUARDIANS OF THE ASTRO GALAXY

WEDNESDAY, OCTOBER 11, 2017

Thank you so much to our PBIS team for their continued work. Congratulations to our cleanest lunch table winners—the students of Ms. Lathus, Mr. Supernaw, and Ms. Menaldo. The kids were ecstatic to receive their free dress passes. In fact, we had so much interest in the clean lunch table program that some of the 7th graders have requested to join the competition and are currently keeping their lunch tables as clean as possible as well. Way to go Astros for promoting positive behavior!

GUARDIANS OF THE ASTRO GALAXY

WEDNESDAY, OCTOBER 11, 2017

Other positive programs at Carr include Ms. Solares's very popular Mariachi group. We were fortunate to have them perform at the Hispanic Heritage Month celebration.

We are also proud of our boys' football and girls' volleyball teams! They also helped to debut our new mascot!

GUARDIANS OF THE ASTRO GALAXY

WEDNESDAY, OCTOBER 11, 2017

We celebrated our students' MAP improvement. We're continuing to help our students to reach their personal bests. Thanks to all who helped our students to reach their goals and to celebrate their accomplishments!

We had a great turnout of parents at the parent conferences last week. Thanks to all of the staff for their dedication in supporting our Carr parents and students to understand how to reach their goals. The parents continue to let us know that the phone calls are helping them to stay on top of their kids' grades and make them more successful as parents. This Saturday, all parents are invited to attend the Annual Parent Conference. We are anticipating many parents to attend, showing that we are all working together to create successful students. Go Astros!

Don't forget to check out Mr. Jack's Journalism class's Astro Updates, available [here](#).
