District Website-Social Media Update

On Friday night, August 17, 2012 the district website will be updated to include a new *Terms of Use* policy statement. Since the website contains social media and other Web 2.0 tools like blogs and podcasts, this new *Terms of Use* policy has been established by our website provider to define responsible use of the social media components of the website. On August 18, each registered user will be asked to accept the *Terms of Use* upon signing in to the staff portal for the first time. The user must accept the terms in order to sign in.
